

## EXTENSIONS OF REMARKS

## A JOB WELL DONE

## HON. IKE SKELTON

OF MISSOURI

IN THE HOUSE OF REPRESENTATIVES

Monday, October 18, 1993

Mr. SKELTON. Mr. Speaker, the 351st Missile Wing, Whiteman Air Force Base, MO, under the Command of Col. Joseph E. Sutter, has achieved a unique place in history. Since 1964, the 351st near Knob Noster, MO, has been home to 150 Minuteman II intercontinental ballistic missiles (ICBM's) and played a critical role in winning the cold war. This uninterrupted vigil of 27 years ended on September 28, 1991, when President George Bush ordered the standdown of all Minuteman II ICBM's from prompt alert. Shortly thereafter, deactivation of the weapon system was ordered. In this climate of a downsized military and imminent deactivation of the 351st, the men and women of Whiteman have continued to excel and carved for themselves an honor unprecedented in the history of the Air Force's ICBM wings.

In April of this year, the 351st Missile Wing became the first wing ever to hold the three most prestigious ICBM awards simultaneously. Whiteman AFB is the proud home of the Bernard A. Schriever Trophy, awarded to the missile wing with the best operational readiness inspection (ORI) results in the inspection cycle. The ORI represents the most thorough and detailed assessment of a unit's warfighting capability. The 351st's achievements under this most arduous 10-day evaluation were nothing short of spectacular. There were no marginal or unsatisfactory ratings, no repeat write-ups, with more than 85 percent of the areas rated either outstanding or excellent. This shattered all previous records for Strategic Air Command Inspector General evaluations.

In January of 1993 the 351st Missile Wing earned a second coveted honor in the ICBM world, the Col. Lee R. Williams Memorial Missile Trophy. The Williams Trophy is awarded annually to the missile wing whose achievements over the past calendar year are the most outstanding. Whiteman posted a litany of remarkable accomplishments ranging from individual excellence in the maintenance and operations fields to unit recognition as "Best in the Air Force" for both the security police group and the civil engineering squadron. In every competitive category the 351 MW excelled and earned recognition as the Air Force's best missile wing.

The final jewel in the ICBM triple crown is the Blanchard Trophy, named in honor of Gen. William H. Blanchard and given annually to the winner of the command's showcase, head-to-head missile wing competition, Olympic Arena. The Blanchard Trophy represents a snapshot excellence in a fiercely competitive environment where all around war-fighting

skills are put to the test. In this crucible of competition, the 351st Missile Wing proved that the Williams and Schriever Trophies were rightly given. The Whiteman Warchiefs won their unprecedented sixth Blanchard trophy at Olympic Arena '93 in April culminating their outstanding march into the history books. Never before has one wing held these three highest awards simultaneously.

In recognition of these significant achievements, the 351st was awarded its 5th Air Force Outstanding Unit Award for the period 1 July 1991 to 30 June 1993.

The men and women of Whiteman AFB and the 351st Missile Wing excelled in spite of the changing missions and morale threatening downsizing. Their valiant efforts have produced a unique accomplishment never before seen in the history of the ICBM force.

COMMEMORATING THE CENTENNIAL OF THE INTERNATIONAL PLATE PRINTERS, DIE STAMPERS AND ENGRAVERS UNION OF NORTH AMERICA

## HON. STENY H. HOYER

OF MARYLAND

IN THE HOUSE OF REPRESENTATIVES

Monday, October 18, 1993

Mr. HOYER. Mr. Speaker, I rise today to honor and call to the attention of my colleagues, the proud men and women of the International Plate Printers, Die Stampers and Engravers Union, who celebrate the 100th year of their union this year.

On September 6, 1893, union members from Washington, DC, Boston, New York, and Philadelphia met in New York and formed the Plate Printers Union of America, representing 350 plate printers. The delegates elected William Johnson as president. In 1901, with the addition of a Canadian local, the union became an international representative body. And in 1921, the Die Stampers Union joined with the I.P.P.U. to take on the name we recognize today.

Mr. Speaker, the I.P.P.D.S.&E.U. has had a distinguished record of accomplishment over the past 100 years. We all are familiar with the work of the Washington local, which is responsible for printing all of our U.S. currency and for the past 90 years, most of our postage stamps. The engravings of the artists of the union are world renown, and are prized for their detail, craftsmanship, and beauty. Presidential portraits are accomplished by their steady hands and the graceful stamps which we use and collect, including the lovely Christmas stamps used during the holiday season have been carefully created and printed by the skilled craftspeople of this union.

Across the country, in Chicago, Philadelphia, New York, and Canada, the craftspeople of this union day in and day out print and pre-

pare securities used by private sector companies, foreign currency, and highly skilled engraving work used for occasions small to grand. It is a time honored trade, made up of skilled workers and artisans, and this union represents the best this specialized trade has to offer.

Mr. Speaker, as chairman of the Treasury, Postal Service, and General Government Subcommittee on Appropriations, I am responsible for overseeing the Bureau of Engraving and Printing, where the members of the Washington local work. I have had the pleasure of working closely with the president of the international, Daniel J. Bradley, who does yeoman's work in representing the best interests of his fellow workers. Dan may not have been there in 1893 when the foundation of this union was laid, but he has sure worked to keep the structure in good repair today, and I know his forerunners would be pleased with what they saw if they could be here with us today.

Mr. Speaker, I know that you and all of my colleagues in the House will join with me as we offer our sincerest congratulations on 100 years of outstanding service to the Nation by this international union and our best wishes for every continued success in the next 100 years. Happy centennial anniversary I.P.P.D.S.&E.

TRIBUTE TO DR. CONSTANCE E. CLAYTON

## HON. LUCIEN E. BLACKWELL

OF PENNSYLVANIA

IN THE HOUSE OF REPRESENTATIVES

Monday, October 18, 1993

Mr. BLACKWELL. Mr. Speaker, I rise today on the floor of the U.S. House of Representatives to pay tribute to one of Philadelphia's most beloved and celebrated citizens. On Friday October 15, Dr. Constance E. Clayton will be honored at a banquet hosted by the Afro-American Historical and Cultural Museum of Philadelphia, celebrating her remarkable tenure as the first African-American woman superintendent of schools for the school district of Philadelphia. To commemorate this most special occasion, I would like to take a moment to reflect on the remarkable career of this outstanding woman.

Dr. Clayton first joined the Philadelphia School District as a teacher in 1955, and soon went on to hold a variety of positions within the Philadelphia school system. After a brief period of service at the Department of Labor, Dr. Clayton rapidly advanced through the leadership ranks of the Philadelphia school system, serving as the director and executive director of early childhood education programs, and eventually as the associate superintendent of early childhood education. In 1982, Dr. Clayton was appointed school superintendent,

● This "bullet" symbol identifies statements or insertions which are not spoken by a Member of the Senate on the floor.

Matter set in this typeface indicates words inserted or appended, rather than spoken, by a Member of the House on the floor.

becoming the first African-American woman ever to serve in this prestigious position.

During her tenure as superintendent, Dr. Clayton revitalized and reinvented the Philadelphia school system, demonstrating the remarkable level of quality and commitment that can be achieved in public education. She gained national recognition for her efforts, and received a countless number of achievement awards and distinctions during her 11 years as superintendent.

Mr. Speaker, Dr. Clayton has also been a major asset to many community service organizations in our community. Through her constant dedication and boundless energy, Dr. Clayton has certainly provided a great many Philadelphians, particularly our youth, with new opportunities, and restored hope and faith. I would like to ask my colleagues to rise and join me in paying our greatest tributes to my dear friend, Dr. Constance E. Clayton. I would also like to extend our warmest appreciation to Dr. Clayton's beloved family. On behalf of the entire U.S. Congress, I would like to offer my greatest thanks and appreciation to Dr. Constance E. Clayton. May God continue to bless and smile on this truly great woman, so that even in retirement, she may continue to preside over our academic community for many years to come. As long as Dr. Clayton is watching, we will always be challenged to raise our school system to new levels of excellence.

COL. WILLIAM E.  
DUSSETSCHLEGER

**HON. IKE SKELTON**

OF MISSOURI

IN THE HOUSE OF REPRESENTATIVES

*Monday, October 18, 1993*

Mr. SKELTON. Mr. Speaker, today I would like to pay tribute to my good friend William E. "Dutch" Dussettschleger of Belton, MO. He embodied the true meaning of citizen-soldier.

Dutch was a 30-year veteran of the Air Force and retired as a colonel in 1975 after working as an air traffic controller from 1958 through 1975. He served with distinction in both Korea and Vietnam and was awarded the Bronze Star.

After his retirement, he became a member of the board of the Kansas City Area Transportation Authority and was its chairman. Dutch was also elected to three terms on the Cass County Commission and served as a Belton city alderman.

Dutch was extremely active in the community as the president of West Central Missouri Community Action Agency, member of the Belton Chamber of Commerce, Belton Masonic Lodge, Disabled American Veterans, Air Force Association, Air Force Sergeants Association, Retired Officers Association, VFW Post 8220 in Belton, and member of the Lord of Love Lutheran Church Council in Belton.

He is survived by his wife Barbara; sons William David, Stephen Lee, Robert Alan, and Donald Wayne; his brother, Dr. Floud Lee Dussettschleger; twin sisters Rita Carlene Mitchell and Karen Arlene Leonard; and seven grandchildren.

I encourage my colleagues to join me in bidding a fond farewell to an outstanding citizen, father, and friend.

## TRIBUTE TO PETOSKEY, MI, LIONS CLUB

**HON. BART STUPAK**

OF MICHIGAN

IN THE HOUSE OF REPRESENTATIVES

*Monday, October 18, 1993*

Mr. STUPAK. Mr. Speaker, I rise today to pay tribute to the Petoskey, MI, Lions Club, operating out of Petoskey, MI, which I represent. The year 1993 represents a great landmark as the club celebrates the 50th anniversary of its founding.

The Petoskey Lions Club has been synonymous with good works since its inception in 1943. Its early years showed the club's dedication to both its community and country. Indeed, the club began its half century of service by selling over \$150,000 worth of Liberty bonds during World War II. This feat was followed by many charitable acts and commitments which continue into the present day.

The Lions dedication and involvement in youth services with the Petoskey community is well documented. Every year the club provides funds to Camp Daggett, a beautiful summer camp for youth near Petoskey. The club pays for children whose parents would otherwise be unable to afford to send them to camp. The club also paid for the construction of a cabin which was named after Frank McPherson, a faithful Lion. In addition to the club's work with camp it also provides funding for other youth programs including Boy Scouts, Little League, and DARE.

The club is involved in many other aspects of service to the Petoskey community. Their key role in the community is exemplified by their continuing work on the completion of Sunset Park in Little Traverse Bay. The club had coin-operated telescopes installed in the park and uses the revenue from these telescopes to fund their charitable acts. Amongst these good works was the purchase of a stainless steel tank for the treatment of burn victims at the Lockwood-McDonald Hospital in Petoskey. The club also sponsors an American Red Cross blood drive in Petoskey. Last year this drive resulted in a record collection of 115 units.

Over the past 50 years the Petoskey Lions Club has been an integral part of the community. They are a model organization whose commitment to others is truly appreciated and welcomed. I am grateful to the Lions Club for their service and I would like to congratulate them, and their members, once again on their 50th anniversary.

## FORT LEONARD WOOD HONORED

**HON. IKE SKELTON**

OF MISSOURI

IN THE HOUSE OF REPRESENTATIVES

*Monday, October 18, 1993*

Mr. SKELTON. Mr. Speaker, today I would like to recognize the outstanding efforts of the training and doctrine command at Fort Leonard Wood in Missouri. It was named one of the top two large installations in training and doctrine communities of excellence. From here it will go on to compete with 43 other installa-

tions in the Department of the Army communities of excellence competition.

Selections were made based on a packet of information about Fort Leonard Wood customer service, facilities excellence and management qualities sent to TRADOC on May 27. Fort Leonard Wood will be competing in the large installation category. In December, the Department of the Army will select the top 13 of the 44 nominated by their major commands. I wish Fort Leonard Wood the best of luck in the competition. I know that my colleagues join me in congratulating the men and women of Fort Leonard Wood for their outstanding excellence.

GO PHILLIES

**HON. THOMAS M. FOGLIETTA**

OF PENNSYLVANIA

IN THE HOUSE OF REPRESENTATIVES

*Monday, October 18, 1993*

Mr. FOGLIETTA. Mr. Speaker, I rise today, as my good friend Mr. Lewis did 2 weeks ago, not to discuss pressing global issues, or NAFTA, or even health care.

I rise today to speak about the value of the Schilling—the National League Championship Series Most Valuable Player, Mr. Curt Schilling. Let me get to the Kruk of the issue. I'm sure the rest of the Nation is Green with envy over the Wild Thing that happened in Philadelphia on Wednesday night. The working man's team, lead by John Kruk, Darren Daulton, and Lenny Dykstra, chopped their way to victory over Atlanta. They proved that with a lot of sweat, hard work and, frankly, spit, their team can come together and win.

We have made peace with our Brave friends from the South. Now we must all unite as a nation behind America's baseball team, as they travel north to Toronto to meet new foes.

Go Phillies, go Phillies, go America's team.

## TRIBUTE TO RAY YOUNG

**HON. JOHN T. MYERS**

OF INDIANA

IN THE HOUSE OF REPRESENTATIVES

*Monday, October 18, 1993*

Mr. MYERS of Indiana. Mr. Speaker, we all know that the administrative staff of the House of Representatives works tirelessly to make our job easier. I rise today to salute one of those tireless staff members who we all have worked with and who has continually served with distinction and integrity. Today, Ray M. Young is retiring as the Chief of the House Office Supply Service. He has served the House for 33 years.

Ray, a native of Rockport, IN, came to Washington in 1955 while serving with the Air Force, and began working on the Hill in January 1960, as the administrative assistant to Ralph Roberts, the Clerk of the House. Ray continued to work in various positions for the Clerk before assuming his current position as Chief of Office Supply in July 1975.

During Ray's tenure, the Office Supply Service has been an efficient, well-run operation

responsive to the needs of all Members and staff. Ray always said his staff was one of the best on the Hill, as evidenced by the moving retirement party hosted for him. I had the pleasure of attending, and the testimonials from friends, family, and staffers showed both the affection and respect held for Ray by many people.

I must say that I am sorry to see Ray go. I am sure many of my colleagues would echo my personal experience of Ray working unselfishly to solve any problem we had in our congressional office. I am proud to say, however, that Ray was more than just a staff member to me. He was also my friend. I hope my colleagues on both sides of the aisle will join me on Ray's retirement day in expressing their appreciation for his 33 years of service to the House of Representatives by saying, "Job well done."

#### SENATE COMMITTEE MEETINGS

Title IV of Senate Resolution 4, agreed to by the Senate on February 4, 1977, calls for establishment of a system for a computerized schedule of all meetings and hearings of Senate committees, subcommittees, joint committees, and committees of conference. This title requires all such committees to notify the Office of the Senate Daily Digest—designated by the Rules Committee—of the time, place, and purpose of the meetings, when scheduled, and any cancellations or changes in the meetings as they occur.

As an additional procedure along with the computerization of this information, the Office of the Senate Daily Digest will prepare this information for printing in the Extensions of Remarks section of the CONGRESSIONAL RECORD on Monday and Wednesday of each week.

Meetings scheduled for Tuesday, October 19, 1993, may be found in the Daily Digest of today's RECORD.

#### MEETINGS SCHEDULED

##### OCTOBER 20

- 9:00 a.m.  
Labor and Human Resources  
Business meeting, to consider pending calendar business. SD-430
- 9:30 a.m.  
Environment and Public Works
